## Hercules Engine News

## By Glenn Karch

Discussion comes up regularly about gas engine prices and how they've changed over the years. With that in mind, I pulled together records of my 30 years of purchases of Hercules-

built engines, including prices paid and comments about individual engines.

In February 2003 I started tracking asking prices, sale prices and comments relative to

Hercules and related engines from *GEM* and Internet sources. That list, when done, will reflect the current market.

| February 1973  | years or purchases or |  | ments relative to | the current market.              |
|--|-----------------------|--|-------------------|----------------------------------|
| August 1973  | Date                  | Brand & HP   | Price             | Comments                         |
| November 1973   Economy 1-3/4 S   S25   Complete, loose, excellent   | February 1973         | ARCO 2 GH  | \$10              | Cart, well worn, magneto damaged |
| December 1973  | August 1973           |  | \$50              |                                  |
| January 1974   | November 1973         | Economy 1-3/4 S  | \$25              | Complete, loose, excellent       |
